

Product Model	Overall Dimensions (mm)	Curb Weight (kg)	Wheelbase (mm)	m <sup>3</sup>	Transport Medium
HNV940IGFL36	9000*2530*4000	6800/7000	4600+1310+1310	36	Cement, Sand
HNV940IGFL61	12500*2550*4000	7300/7700/8000	8450+1310+1310	61	Flour

- ◆1. The tank body is made of high-strength steel (stainless steel meets food-grade requirements), and the overall vehicle performance is superior.
- ◆2. The entire vehicle adopts a lightweight design, resulting in a lower curb weight of the tank truck, a higher payload, and better operational economic benefits.
- ◆3. The entire vehicle is designed using three-dimensional software, featuring a reasonable body structure, balanced front and rear loads, smooth driving, and minimal bouncing.
